Regarding Terrorist Group ISIS and ISIL Created,
Funded and Trained by the Americans

URGENT Letter For The Prime Minister

Dear Prime Minister

Please call into your Office the following people and asked them to bring with them everything they have on the Head of ISIS.

- Federal Police Commissioner and Senior Staff
- ASIO Director and Senior Staff
- ASIS Director and Senior Staff
- Signals Directorate and Senior Staff
- Head of The Australian Military and Senior Staff.

Now add up all the information you have they have presented and you will have one great pile of rubbish before you all meaning nothing and worth nothing the material its worth.

Here is all the information you need to know seen these Bubble Heads are too stupid to collect the information, store and file it away for further use.

The information is confirmed by NSA Whistler Blower Edward Snowden.

So when the Civil War Breaks out between us and the Muslims you are armed with the most important information of all to defuse the Muslim up rising in this country, they will all run scared and with shame to think ISIS and ISIL heads are Israeli Mossad trained leading them.

US President Barrack Obama and the Americans, British, Canadians and Israeli's all know this information and if they have refused to share the basic details and facts what is really going on with ISIS and ISIL in the Middle East then it shows they aren't really Australia's friend.

I am sharing this information with you Prime Minister so you and your staff and Government can be brought in from the dark and know the facts and truth.

Yours truly

Lloyd T Vance
